AIRCRAFT DISPATCHER COURSE OVERVIEW

Here's a quick overview of the course, outlining the sequence of stages you will navigate to successfully complete your Aircraft Dispatcher training:

- 1. Online Ground School:** 200 Hours: Immerse yourself in self-paced study over one to two months to complete 200 hours of online ground school.
- 2. Virtual Ground School:** 3 Weeks – Part-time: Consolidate knowledge from self-study in a three-week part-time virtual program (5 days per week and 5 hours per day), introducing crucial new topics for subsequent stages.
- 3. FAA Computer-based Written Exam:** Successfully complete the FAA computer-based written exam before in-person classes. Avel Flight School, an FAA-approved testing center, facilitates this examination.
- 4. In-person Ground School:** 4 Weeks – Full-time: Engage in a four-week, full-time, hands-on in-person ground school, mastering skills for Boeing 737 flight planning and thorough preparation for the practical exam, including an extensive oral examination.
- 5. End of Course Exam:** Successfully pass the end-of-course exam, meeting all specified requirements.
- 6. Practical Exam with a DADE:** Following the end-of-course exam, your FAA Designated Aircraft Dispatcher Examiner (DADE) administers the practical exam. Upon successful completion, attain FAA certification as an Aircraft Dispatcher!

Embark on this well-structured journey with us, and let our guidance lead you towards a successful career as a certified Aircraft Dispatcher!

AIRCRAFT DISPATCHER COURSE OVERVIEW

Delve deeper into the intricacies of our Aircraft Dispatcher course as we offer a comprehensive overview here, guiding you through each stage with precision and expertise.

ONLINE GROUND SCHOOL

- Upon enrollment, you will promptly receive your online codes. Commence your online ground school as soon as you receive these codes. This interactive platform, accessible from the comfort of your home, provides detailed study materials covering all requisite theories for the course.
- Prepare for the FAA computer-based written examination through multiple simulated practice tests. This self-paced online ground school entails approximately 200 hours of coursework.
- For a seamless transition through the program, please email your online ground school completion graduation certificates (PPL, IR & ADX) at least two weeks before the commencement of the virtual class.

VIRTUAL GROUND SCHOOL

- Virtual classes, conducted by live instructors, are scheduled regularly throughout the year in a group setting. This follows the completion of your online ground school. Engage in an interactive online class, covering crucial theoretical concepts required for the course.
- Participate in this part-time virtual class conveniently from your home. A fully functional computer with a video camera, microphone, and internet connection is required. Ensure your camera is switched on at all times for attendance compliance.
- Mandatory 100% attendance.

AIRCRAFT DISPATCHER COURSE OVERVIEW

FAA COMPUTER-BASED WRITTEN EXAM

- The FAA computer-based written examination is conducted in-house at our facility at DuPage Airport, Chicago.
- After demonstrating three consecutive scores of 90% or above on practice tests, contact our flight school to register and schedule your exam.
- Passing the FAA computer-based written exam before attending the in-person class is a prerequisite for participation in the in-person sessions.

IN-PERSON GROUND SCHOOL

- Our In-Person Ground School sessions are regularly scheduled throughout the year to consecutively follow completion of the virtual classes. The in-person classes are conducted in a group setting at our Chicago facility.
- Taking and passing the FAA computer-based exam is required before start of the in-person class. Please contact us for assistance in scheduling the FAA computer-based exam.
- This session provides an opportunity to review and seek additional clarification on the materials covered in both the online ground school and the virtual live class.
- Focused on the Boeing 737 flight plan, this class is designed to thoroughly prepare you for the End of Course and Practical Exam.
- Mandatory 100% attendance.

AIRCRAFT DISPATCHER COURSE OVERVIEW

CULMINATION OF YOUR JOURNEY:

END OF COURSE EXAM

- Upon completing the course syllabus, success in the end-of-course exam is imperative. This internal examination includes both an oral exam and the meticulous completion of a Boeing 737 flight plan within 1.5 hours.
- Graduating from the course is contingent upon passing the end-of-course exam. Following graduation, you will be scheduled for the practical examination with an FAA Designated Aircraft Dispatch Examiner (DADE).

PRACTICAL EXAM WITH A DADE

- The practical examination with a DADE involves the precise completion of a Boeing 737 flight plan, followed by an extensive oral examination.
- Allocate 2 hours for the Boeing 737 flight plan, and anticipate the oral examination to typically last between 2-4 hours.

ONCE YOU PASS YOUR PRACTICAL EXAM WITH A DADE

Congratulations! You have now achieved the esteemed status of a fully certified FAA Aircraft Dispatcher!

Your success in the practical exam marks the culmination of your training, opening doors to a rewarding career in aviation.

AIRCRAFT DISPATCHER COURSE

Admission Process

Enrollment Timeline:

Students typically invest one to two months to complete 200 hours of online ground school. We recommend selecting a virtual start date based on the anticipated completion of these 200 hours, allowing for effective schedule planning.

Embark on your aviation journey by following this streamlined admission process, and we look forward to welcoming you to our distinguished flight school.

Additional Costs:

An examiner's fee of \$900 is additional and is to be paid along with the first payment, based on the chosen payment options. This fee covers one attempt on the FAA practical examination. Any additional tests or training required for retesting will result in extra charges.

Not Included (Mandatory for Course):

1. FAA Written Examination fee
2. FAA (DADE) Examiner's Fee
3. Knowledge Test Prep Software (Gleim or Sheppard - your choice)
4. Aeronautical charts
5. CX-3 Flight Computer
6. Aircraft Dispatcher Oral Exam Guide (Third Edition by Dr. David C. Ison)
7. Computer or Laptop with internet

Important Considerations:

Any variation, changes, or alterations to the course structure will result in a course price change.

Additional ground school beyond the 200 hours offered in this course will be charged at current per-hour rates.

100% attendance in virtual and in-person classes, along with passing the FAA knowledge exam on or before the deadline, is a mandatory requirement for course completion. Failure to fulfill these requirements will result in an automatic forfeiture of the course without a refund.

If you forfeit the course due to non-fulfillment of the mandatory requirements, you have the option to attend the next immediate ADX batch with a heavily discounted fee of \$1000 (excluding FAA Knowledge exam fee for reattempts). Attending any future batches for course completion will incur the full tuition fee.

Virtual and in-person classes must be completed within 12 months, and the ADX practical exam must be passed within 12 months from the date of your enrollment. Failure to complete the course within this timeframe will result in the forfeiture of the course and fees paid.

Change and Cancellation Policy:

You have the option to change the virtual and in-person class start date once free of charge. Subsequent changes will incur an additional fee of \$300 each time. Please note that any changes to the start date of the ADX program must be submitted in writing to fly@avelflightschool.com at least two weeks before the commencement of the virtual class.

A minimum 1-week cancellation notice is required if you are unable to attend the class. Cancellations with less than 1-week notice will incur an additional \$300 fee.

Note: All fees paid are non-refundable.

Ensure all five documents are scanned and emailed together in a single email to: fly@avelflightschool.com.

Students typically take one to two months to complete 200 hours of online ground school. We suggest that you pick a virtual start date based on the completion of 200 hours of online ground school.

AIRCRAFT DISPATCHER COURSE

Admission Process

- Once we receive these documents from you, your visa documents including I-20 and Letter of Admission will be processed for your review.
- Upon email confirmation that all your details are accurate in these forms, a soft copy will be emailed to you along with your online codes and directions on how to use them.

Your I-20 start date will be prior to your in-person class start date to ensure that you are able to arrive in the U.S. well before your in-person class starts. You can arrive in the USA up to 30 days before your I-20 start date, as long as your course fee have been paid at least 2 weeks prior to arrival. You will not be allowed to enter the USA after your I-20 start date.

If you are unable to arrive in the USA at least 72 hours prior to the classroom start date that you have chosen, you will have to choose a new classroom start date and a new I-20 will have to be issued based on that new classroom start date. There is an additional \$150.00 fee per new I-20 which must be paid prior to any new I-20's being generated.
